

DAY 19 – FAITH BRINGS VICTORY

 **Scripture**

1 John 5:4

"This is the victory that overcomes the world — our faith."

 **Meditation**

Faith is the believer's weapon for victory over trials, challenges, and opposition. Through faith, we rise above circumstances and stand confidently on God's promises. Victory is not achieved by human strength alone but by trusting in God's power and faithfulness.

Reflection

Never fight in the flesh — win by faith.

What challenge are you facing today that requires you to rely on faith instead of your own strength?

 **Confession**

I overcome the world by faith. Victory is my daily reality.
