

DAY 21 – FAITH PRODUCES JOY AND PEACE

Scripture

Romans 15:13

"May the God of hope fill you with all joy and peace in believing."

Meditation

Faith produces inner stability, joy, and peace even before visible results appear. When we trust God completely, His hope fills our hearts and sustains us through every circumstance. Joy and peace are the fruit of a life anchored in faith.

Reflection

Joy is proof your faith is alive.

How can you choose joy and peace today as an expression of your trust in God?

Confession

I rejoice by faith. My peace flows from trusting God completely.
