

# Day 1 – God Owns It All

## Scripture

Psalm 24:1

*“The earth is the Lord’s, and everything in it.”*

---

## Meditation

God is the Owner of everything, and we are simply His stewards. Every blessing we possess—our time, talents, opportunities, relationships, and finances—has been entrusted to us by Him. We are called to manage His resources faithfully, wisely, and for His glory.

---

## Reflection

Your money isn't truly yours—it is God's resource placed in your hands. How you earn it, spend it, save it, and give it is an act of stewardship and worship.

**Question to Consider:** How can I honor God today with the resources He has entrusted to me?

---

## Confession

*God owns everything I have. I am a faithful steward of His resources. I manage His blessings with wisdom, integrity, and gratitude. Amen.*
